One man's junk is another man's treasure

Everyone seems to be in recycle mode these days. Well, why not take it one step further?

Most people have unwanted items in their garage, shed or loft. www.free2collect.co.uk is a Web site that allows you to advertise these items for others to collect.

You can also request items that you want. Perhaps someone out there will have what you need.

We are a non-profit site and the service is absolutely free! The whole of the UK is covered and we are supported by councils nationwide.

So why not sign up for a free account and get recycling?
